

India Health Policy & Systems Research Fellowship

MARCH 2023 | PROGRESS UPDATE

indiahpsrfellowships.org info@indiahpsrfellowships.org [@HPSRIndia](https://twitter.com/HPSRIndia)

The fellowship aims to enhance capacity of mid-career public health professionals in health policy and systems research methods to strengthen evidence-based policymaking in health. This blended training program, spread over a period of 18 months, includes online, face-to-face phase and mentorship for conducting a HPSR study.

An initiative of the Health Systems Transformation Platform, fellowship is organized in collaboration with eminent partners & supported by Tata Trusts, Bill & Melinda Gates Foundation and ACCESS Health International.

Mentoring & Implementation phase

Cohort 2022 fellows refined & developed health policy & systems research proposals. These were presented to a jury comprising internal and external experts. The fellows now proceed to the mentoring and implementation phase where they will conduct their proposed research.
